Janet's Eatery began as a dream many years ago... "My earliest memories growing up are of my mother and me working in the kitchen together. She taught me many things when I was child. She had never taken any classes or graduated with a culinary degree, but her heart for others made her the best cook by far.

I wanted to have that same zeal for life in the kitchen. I loved to cook! I always desired to have a place where I could serve people the way my mother did. I knew that one day my dream would become a reality. In 2003, Janet's Eatery opened its doors. We have continued to grow by leaps and bounds because of customers like you. Now, when I walk through the doors of the restaurant and see the smiling faces of all my friends, I feel as though my dreams have come true!"
